

## AT US FOODS®, THE HEALTH AND SAFETY OF OUR ASSOCIATES, CUSTOMERS AND COMMUNITIES IS OUR TOP PRIORITY, NOW MORE THAN EVER

Across our operations, we've implemented processes and protocols informed by CDC guidance to help support our efforts in this area. So, while your interactions with us may look a little different, the high level of service you've always received from US Foods – and our commitment to your business – remains the same.

### HERE'S WHAT YOU SHOULD KNOW:

When a US Foods associate arrives for a delivery or sales call, he/she will have been through a **Wellness Check**, including a temperature screening.

Associates must **wash/sanitize their hands** before and after each customer delivery/visit.

Drivers must **wear a mask** and nitrile **gloves** during every delivery.

Our sales representatives will also wear masks (and gloves if delivering product to you).

Our facilities and equipment, including our trucks and handcarts, are **consistently cleaned** with enhanced procedures and sanitizing products.

Drivers and sellers will **no longer accept cash or checks**. US Foods provides contactless payment options including online bill pay. Also, we offer online and mobile ordering.

If you have any questions or would like more information, please contact your sales representative. Thank you for your continued partnership. Stay safe.

**WE HELP YOU  
MAKE IT®**
